

# PROPHET MARGIN

Part  
3

## Zechariah: God Speaks

This past weekend Pastor John finished our three-week series entitled, Prophet Margin. We looked at three different prophets and how their words connect us to God by narrowing the margin between us and God. We hope you enjoyed this journey and grew with someone at work, your family, possibly alone or with a friend during this series.

1. The first vision in Zechariah where God speaks, that Pastor John shared, is of a man with a measuring line. When God measures, He reveals realities (what He sees in us) that we sometimes don't want to accept. He measures so we can become the best version of ourselves. Stop and ask God what it is that He wants to do in your life today. He is measuring you and He wants to do something new in your life. Let Him.
2. God inspires Zechariah with a word of hope, a promise of restoration (read Zechariah 2:5). Do you feel down, or defeated, or desperate, or possibly depressed about something? God wants to protect you and to bless you with His presence in your life. Blessings that come to you when God becomes your glory.
3. The way that God can do this is by His Spirit (read Zechariah 4:6). Your impossibilities can become possibilities. Your failures can become victories. Your complications can become workable. And your obstacles can simply be steps toward greatness. Maybe your trying too hard to do things on your own, listen to God speak today and let go. Let Him by His spirit do what only He can do.
4. Another vision that Pastor John shared about concerned prisoners of hope (read Zechariah 9:12). When we chose to have hope it captivates you and we can see beyond the circumstances, the hurt, the failures, and the losses in our lives. So today, take hope in that whatever the enemy has taken from you, God is going to restore it to twice as much as what you had before.
5. Take some time to share any burdens or difficulties that you are going through right now and then pray for each other and encourage one another with Scripture and your life experiences.
