

Part  
2

## Dreaming a God-sized Dream

This week Pastor Ken continued the series *Dream Again*. We are looking together at the Biblical principle of the birth, death, and resurrection of a dream and how to dream again after a very difficult year. So, gather with your family or go through these points alone each week and let's grow together.

*Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us.* Ephesians 3:20

1. A dream is like a magnet that draws your heart and mind to it and when we dream, we are reflecting the image of the Creator with our life. A God-sized dream is a dream that God has for you and that you can only accomplish with His help. Dreams change with each season of our life and we are never too old to dream.
2. A God-sized dream takes flexibility because it will always stretch you beyond where you are now (read Mathew 5:14-16 and 13:31-33). Where do you sense God gently pushing you?
3. When we delight in God, He works out what is best for us (read Psalm 37:4 and Jeremiah 1:5). His desires for us become ours as we put our lives into His hands allowing Him to mold and shape us, like a potter working with clay. Stop and pray, putting yourself into His hands today.
4. God knows you (read Psalm 139:4-16) and the dream He gives you will be the right fit for you. As you look for that God-sized dream, look at the way He has wired you. What gifts, passions, and talents has He given you? What is your story and the needs that you see around you?
5. What is the God-sized dream you have for this year? Write us and let us know so we can be praying with you.
